# RE:FINED CONTROL

Honda SENSING is a driver-assistive technology that gives you additional control over your drive and helps to reduce the risk of accidents.

\*Honda SENSING alerts and assists drivers to drive safely on the road. Honda SENSING functions best in conducive weather and visibility conditions. Keep the camera clean and unobstructed for optimum performance. Despite the capabilities of Honda SENSING, drivers remain responsible for safely operating the vehicle and avoiding collisions. Drivers should always keep their hands on the steering wheel and be in control of their driving behaviour at all times.
